Earn Extra Revenue From Your Unused Commercial and Residential Parking Space

Pay-N-Park is a trading name of Parkway Signalling Limited (RENIX (UK) Ltd). Pay-N-Park is a smartphone app that works on Apple and Android mobile platforms. It's a user-friendly app which allows for quick registration, login and an easy booking process. The app has built-in, cutting-edge, technology features to carry out an advanced user ID verification process with live facial detection to match user profiles. Download the app today and explore the infinite possibilities.

Do you have an extra parking space on your property that you're not using? Did you know you can earn money each month by renting out that space? If you're a property owner and you'd like some extra income then Pay-N-Park can help you with our simple but effective parking space app.

About Us

Parkway Signalling- we are one of the UK's premier parking management providers. Our innovative solutions like ANPR systems, parking sensors, and control systems cater to businesses, local authorities, and property owners. Our expert team ensures efficient, profitable parking management while elevating user experience. Our accomplishments are rooted in our commitment to ethical parking enforcement.

" Transform Your Parking Challenges Into Opportunities "

Inefficient parking management can lead to numerous pain points, such as limited space utilisation, lost revenue, increased congestion, inadequate security, and poor customer experience. It's time to turn these challenges into opportunities with our comprehensive parking management solutions.

Benefits of Parking Control

Unauthorised Parking
Protect private parking areas and give exclusivity to genuine users.

Maintenance
From line marking and litter picking to removing abandoned vehicles. Ensure your car park upholds a clean aesthetic.

Generate Revenue
Unlock the potential of your car park and increase your income.

Safety & Security
Stop obstructive parking and keep vital access roads and areas clear.

What We Do

- **Expertise in ANPR technology:**
Enhance customer experience and increase footfall at your premises.
- **Efficient and ethical enforcement:**
Ensure ample parking available for authorized users, encouraging their patronage.
- **Streamlined parking experience:**
Attract more customers and drive up payment rates.
- **Additional revenue generation:**
Tap into new revenue sources from your parking facility.
- **Zero-cost equipment installation*:**
We provide and install the necessary equipment at no cost to you - a win-win solution.
